The University shall respond within ten (10) days. If KAPE's request is denied, the University shall state in writing the reasons for the rejection in the response. In the event of a disagreement on the issue of any specific job title, PERB shall be petitioned for a ruling on the inclusion or exclusion of the position. Any individual placed in a contested position shall upon a ruling by PERB, for inclusion in the unit, receive all rights granted under this Agreement from the time of initial placement.

ARTICLE 2

Purpose of Memorandum of Agreement

The purpose and intent of this Agreement is to contribute to and promote the best conduct of public business, to promote maximum cooperation and harmony in employee relations, to recognize mutual interests, and to reduce to a minimum the causes of employee relations disputes.

ARTICLE 3

Management Powers and Rights

It is agreed by KAPE and the University that nothing in this Memorandum of Agreement is intended to circumscribe or modify the existing right of the University to manage and operate its facilities; direct the work of its employees; hire, promote, demote, transfer, assign and retain employees in positions with the University; suspend or discharge employees for proper cause; maintain the efficiency of governmental operations; relieve employees because of lack of work or for other legitimate reasons; take actions as may be necessary to carry out the mission of the University; and to determine the method, means and personnel by which operations are to be carried on.

It is further understood and agreed that the provisions of this Agreement are intended to extend to such matters relating to conditions of employment enumerated in this Agreement except any subject preempted by federal or state law, or the authority and power of any civil service commission, personnel board, personnel agency or its agents established by statute, ordinance or special act to conduct and grade merit examinations and to rate candidates in the order of their relative excellence, from which appointments or promotions may be made to

positions in the competitive division of the classified service of the University served by such civil service commission or personnel board.

KAPE further agrees that nothing in the Memorandum of Agreement is intended to supersede any public employer rights defined in K.S.A. 75-4326. The University's failure to exercise any right, prerogative or function reserved to it, or the exercise of any such right, prerogative or function in a particular way, shall not be considered a waiver of the University's right to exercise such rights, prerogatives or functions or preclude it from exercising the same in some other way not in conflict with the express provisions of this Agreement.

It is also understood there may be other inherent rights of management which may be exercised during the term of this Agreement. It is specifically understood by the parties that the Employer may take any other actions it deems necessary or in the best interest of the state consistent with this MOA.

Management also reserves the right to decide whether, when, and how to exercise its prerogatives, whether or not enumerated in this Agreement. Accordingly, the failure to exercise any right shall not be deemed a waiver. It is understood and agreed by the parties that the Employer does not have to rely on any agreement reached through the meet and confer process with its employees as the source of its rights and management prerogatives.

Nothing herein shall be interpreted as a waiver of the Union's right to meet and confer regarding conditions of employment as that term is defined in K.S.A. 75-4322(t).

ARTICLE 4

Employee Organization Membership

University employees shall have the right to form, join and participate in the activities of employee organizations of their own choosing, for the purpose of meeting and conferring with public employers or their designated representatives with respect to grievances and conditions of employment (i.e. salaries, hours of work, wages, and benefits).

University employees also shall have the right to refuse to join or participate in the activities of employee organizations and that they will not be coerced, intimidated, or otherwise forced by the University or KAPE to join or not join KAPE as a condition of employment.

The University will make a reasonable effort to notify the union prior to the implementation of any changes in working conditions.

ARTICLE 5

Non-Discrimination

Neither the University nor KAPE will discriminate based on race, color, ethnic or national origin, sex, sexual orientation, gender identity, religion, age, ancestry, disability, genetic information, military status, or veteran status. Policy and Procedure Manual (PPM) Chapter 3010, as it may be amended from time to time, is the exclusive policy for the resolution of complaints of discrimination, harassment, retaliation and stalking within the University.

The University and KAPE agree that there shall be no coercion, harassment, or discrimination against employees because of membership in or association with the activities of KAPE or lack thereof or because of participation in any grievance, complaint or other proceeding as set forth in this Agreement.

ARTICLE 6

Workweek and Overtime

Section 1. The “workweek” is a regularly recurring period of 168 hours in the form of seven (7) consecutive 24-hour periods. The workweek will begin at 12:01 a.m. Sunday and end at 12:00 midnight Saturday. Except for food service employees, the regular workweek shall be five (5) consecutive days and the regular workday shall not exceed eight (8) hours within nine (9) consecutive hours. When scheduling the hours of work for various employees, it may be necessary to schedule some employees to work Saturday or Sunday or both as part of their schedule, but the total hours regularly scheduled in a workweek shall not exceed forty (40).

Section 2.

(a) Overtime is defined as all hours worked which exceed forty (40) in a workweek for all employees.

(b) Except as provided in this subsection, only hours actually worked by the employee shall be credited in determining eligibility for overtime compensation. Under the following conditions an official state holiday may be counted as time worked for employees in positions that have been determined to be eligible for overtime compensation:

- (1) the employee is asked to report to work in order to respond to a building, highway, or public safety emergency, as determined by the appointing authority;
- (2) this work is performed outside the employee’s normal work schedule for the workweek or work period that includes the official state holiday; and
- (3) the appointing authority authorized inclusion of that official state holiday in calculating time worked by the employee.

(c) Regular scheduled hours shall not be reduced during a current workweek solely to deny an employee eligibility for overtime compensation. Further, the University agrees that changes in employee future workweek schedules will be made as necessary to maintain the proper level of service of that department and not for the sole purpose of denying overtime to an individual employee.

Section 3. Overtime for eligible employees shall be compensated for hours worked as provided in this Agreement in excess of forty (40) hours in a workweek. Overtime hours worked will be compensated at the rate of one and one half times the employees' regular rate of pay or one and one half hours of compensatory time off for each hour of overtime worked in excess of the 40 hour-per-week threshold.

Section 4. The University shall maintain a record of employees willing to volunteer for scheduled overtime and will, under normal circumstances, make every reasonable effort to contact and offer scheduled overtime assignments to eligible volunteers as provided below. Employees willing to voluntarily accept overtime shall provide a signed and dated written notice to their supervisor. Employees wishing to withdraw their notice of availability for voluntary overtime may do so in the same manner.

(a) Probationary employees shall not be eligible for voluntary overtime except in an emergency, as determined by the department/division head or designee, when non-probationary employees are unavailable to work.

(b) Voluntary overtime will be offered to employees who are qualified and who normally perform the work for which the overtime is being offered.

(c) An employee may be held over at the end of his or her shift in order to complete a project for a period not to exceed four hours except in an emergency as determined by the department/division head or designee.

(d) Employees placed on stand-by will, if necessary, perform the overtime activities for which they were placed on stand-by.

(e) When more volunteers are available than needed to perform the overtime, department seniority will be considered in making the overtime assignment.

Nothing in this article shall be considered as a limitation on management's right to make mandatory overtime assignments.

Section 5. The University will increase the shift differential to \$.60 per hour.

Section 6. When inclement weather is declared by the University, those employees previously designated as essential (either notified or stated in their position description) and required to report to work, will be given one and one half hour off for every full hour worked during the period of declared inclement weather.

ARTICLE 7

Alternative Work Schedules

When consistent with the needs of a unit, employees may request and departments may implement the establishment of regular schedules of work other than the traditional 8:00 a.m. to 5:00 p.m. If a change is made at the request of the employee, only the employee making the request for the change of work schedule will be affected. The standard workweek for full-time employees shall continue to be 40 hours in a pay status during a seven-day period. The appropriate administrative head is the final approving authority for the implementation, maintenance, or termination of alternative work scheduling. The University will give at least 21 days' notice before termination of any alternative work schedules. Examples of alternate work schedules may include 4-10 hour days, a combination of 12 and 4 hour days, the work week beginning on a day other than Monday, or other alternatives.

Alternative hours of work should not be used for the purpose of avoiding payment of overtime, or to accomplish a reduction in the number of hours worked per week. The scheduling policy for alternative work hours shall ensure that all employees are treated in accordance with Affirmative Action guidelines.

ARTICLE 8

Rest Periods

Employees in the appropriate unit will have two (2) fifteen (15) minute rest periods, one to be at or near the middle of the first four (4) hours of the work shift and the other to be at or near the middle of the second four (4) hours of the work shift. In both cases, rest period times will be designated by the department supervisor.

During rest periods employees are free to leave those work stations not requiring continuous attendance as long as they return to the work station within fifteen (15) minutes.

If employees are required to work overtime which requires them to work two (2) hours or more consecutively in addition to their regular eight (8) hour shift, a fifteen-minute break will be provided. A thirty (30) minute dinner break on the job, with pay, will be scheduled at the beginning of the eleventh (11th) hour, or sooner, if possible.

ARTICLE 9

Call-in and Call-back

Section 1. Employees who are called back to work after having completed their regular work shift and having left the University premises will be given a minimum of two (2) hours work or two (2) hours pay if given less than two (2) hours work.

Section 2. Employees who are called in to work on a regular scheduled day off will be given a minimum of two (2) hours work or two (2) hours pay if given less than two (2) hours work.

Section 3. Employees who are called back to work after completing the regular work shift or who have been called in to work during a regular scheduled day off will be subject to overtime provisions as stated in Article 6, Section 1, Section 2 (a,b,c,d) and Section 3 of this Agreement.

Section 4. Call-in and Call-back pay does not include the employee's driving time to or from work.

ARTICLE 10

Stand-by

Section 1. The University may require an employee to be on stand-by. Stand-by time means a period of time outside an employee's regularly scheduled work hours, during which the employee is required, at University direction, to remain available to the University within a specified response time of not less than one (1) hour or more than two (2) hours. Stand-by assignments shall be limited to work situations where a probability for emergency recall of employee(s) exists. The employer will request volunteers prior to assigning stand-by duty.

Volunteers will be solicited from an alphabetical list of all employees in each classification on a rotating basis as follows. The last person volunteering for stand-by will be identified and the next person on the list will be asked if they wish to volunteer for stand-by. Inquiries will be made of each successive person on the list until such time as adequate standby coverage is insured or the list is exhausted. If an insufficient number of volunteers is obtained, the employer may assign stand-by. Stand-by assignments shall be made on a rotating basis from an alphabetical list of all employees in each classification. The last person assigned to stand-by will be identified and the next person or persons on the list will be assigned until such time as adequate stand-by coverage is insured.

Once an employee is scheduled for stand-by, by virtue of volunteering or assignment, they may relieve themselves from stand-by through (1) finding a qualified employee willing to assume their stand-by assignment or (2) requesting relief from stand-by from the employer for good cause. Any employee relieved from a stand-by assignment by the employer shall be the first employee assigned to future stand-by assignments and requests for relief from stand-by shall not be unreasonably denied by the employer.

Section 2. Employees who receive stand-by orders in accordance with Section 1 shall be compensated at the rate of two dollars (\$2.00) per hour for those hours they serve on stand-by status.

Section 3. Employees on stand-by who are called in to work shall be compensated for the actual hours worked at the appropriate rate of pay. They shall not be paid stand-by compensation for the hours they actually worked. Only the hours actually worked by the employee shall be credited in determining eligibility for overtime compensation.

Section 4. An employee on stand-by who is not available when called and who does not present reasonable justification for failure to report when called shall lose stand-by compensation for that stand-by period.

Section 5. When an employee is restricted to a particular telephone number at a location designated by the employer or to the employer's premises, the employee shall be compensated at his or her regular rate of pay and shall not receive stand-by compensation.

Section 6. An employee restricted pursuant to Section 5 above who is not available when called shall lose compensation for that period, and may be subject to such other disciplinary action as dictated by the conditions surrounding the refusal or unavailability and which is not inconsistent with the provisions of this agreement.

ARTICLE 11

Holidays

Section 1. Employees in the appropriate unit shall have the following legal holidays with pay:

New Year's Day
Memorial Day
Independence Day
Labor Day
Thanksgiving Day
Christmas Day
Veteran's Day
Martin Luther King Day

In addition to the above holidays, such other days as may be designated as holidays by the Governor as days on which state offices will be closed shall be considered holidays with pay for employees in the appropriate unit. A notice for such holidays for the following calendar year will be given to each employee within 30 days of the Governor's announcement.

Section 2. When one of these legal holidays falls on a Saturday, the preceding Friday shall be the officially observed holiday for state employees. When one of the legal holidays falls on a Sunday, the following Monday shall be considered as a holiday. A full-time employee who is required to work on a legal holiday or on an officially observed holiday shall, in addition to his or her regular salary for the pay period, either be paid an additional amount, at the time and a half rate, for the hours worked on the holiday or receive compensatory holiday credits for the hours worked on the holiday at the rate of one and a half (1-1/2) hours credit for one (1) hour worked. If compensatory time is not taken at the end of a six-month period from the date earned, and if requested by the employee, it shall be paid at one and one-half (1 1/2) times the regular straight time hourly rate to the employee in the next available pay period. If compensatory holiday credits are given and consistent with the needs of the University, earned compensatory

holiday credits, when requested in advance, will be approved. Compensatory holiday credits may be given any time within a six (6) month period following the holiday worked.

Section 3. When one of the legal holidays falls during an employee's vacation, such holiday shall not be counted as a day of vacation.

Section 4. Each employee, regardless of his or her work schedule, shall be given credit for the same number of holidays as are credited to employees whose regular workweek is Monday through Friday.

Section 5. In the case where a legal holiday (such as New Year's Day) is preceded or followed by an officially observed holiday (for example, December 31 or January 2) a full-time employee who is required to work on both the legal holiday and the officially observed holiday shall receive the additional holiday pay or the compensatory holiday credits for only one (1) of the two (2) days.

ARTICLE 12

Vacations

Section 1. Each employee in a regular position in the appropriate unit earns leave as outlined in the following paragraphs. Persons employed in temporary positions do not earn leave credits.

Section 2. Classified employees in regular positions earn and may accumulate vacation leave as shown below, subject to the following provisions. When terminating, leave credits are not earned after the last day of work.

Section 3. Vacation Leave Credits and Maximum Accumulations:

Vacation Leave Earnings Schedule

All non-exempt, or hourly, employees will earn vacation leave based on hours in pay status.

Hours in Pay Status	Vacation Hours Earned
0-9	0
10-19	1.0
20-29	2.0
30-39	3.0
40-49	4.0
50-59	5.0
60-69	6.0
70-79	7.0
80	8.0

All exempt, or salaried, employees will earn vacation leave based on their appointment time or full time equivalency.

Appointment FTE	Vacation Hours Earned
<.25	2.0
.25-.49	4.0
.50-.74	6.0
.75-1.0	8.0

Employees will earn vacation leave the first and second biweekly pay periods during the first 11 months of the fiscal year, July to May. There is a limit to how much vacation leave can be earned in one fiscal year and a maximum balance limit for vacation leave accrual. Vacation leave cannot exceed 176 hours per fiscal year and employees who have accrued 304 hours may not accrue any additional time until the leave balance is under 304 hours.

* Overtime worked is not counted in determining vacation leave earned.

(a) Employees who are eligible to earn annual leave may accumulate a maximum of 304 hours of annual leave; provided, however, that an employee may receive, upon

termination from employment or upon moving from a position earning annual leave to a faculty position for less than twelve months, payment for no more than 176 hours of annual leave, and, at retirement or at termination of employment when retirement eligible, an employee may receive payment for up to 240 hours of annual leave. Excess accrued annual leave may not be converted to sick leave.

Section 4. Applications for vacations must be approved by the department head. Approval by the department head (or his/her designee) will be withheld only for good and sufficient reason(s), which shall be stated in writing to the employee making the request for the use of accrued vacation time. Vacation leave may be used in units of one (1) hour when needed for personal reasons.

Section 5. Consistent with the needs of the University, earned vacation leave, which is requested in advance, will be approved. Vacation leave will be granted on an equitable basis and the University will make a reasonable attempt to satisfy leave requests of employees. In the department head's annual scheduling of vacation leaves, any conflict between employees desiring the same time period will normally be resolved by longevity within each classification by departments. Once a vacation leave has been approved, an employee will not be required to relinquish this approved vacation time in favor of another employee.

ARTICLE 13

Vacation Leave for School Employees

School employees covered by this Agreement who are employed in a nine (9) month position during which there are scheduled vacation periods at stated times, including Thanksgiving or Christmas, and whose services are not required during such scheduled vacation periods shall be granted vacation leave during such scheduled school holidays for as many days as the employee has vacation leave accrued or could accrue during the school year. Any such employee separated from the University before the end of the school year for which he or she is employed, shall be charged on the final pay voucher for any days of vacation leave used in excess of days accrued.

School employees who remain employed for the full school year shall earn vacation leave credits for the full period employed regardless of the beginning and ending time of the school year in accordance with the schedule set forth in Article 12.

ARTICLE 14

Sick Leave

Section 1. Each USS employee in a regular position in the appropriate unit shall be credited and accumulate sick leave as provided in this section. Persons employed on a part-time position shall

earn leave under this section on a proportional basis to the number of hours worked during the payroll period as follows:

Sick Leave Table for Non-Exempt Employees

<u>*Hours in Pay Status</u> <u>Per Pay Period</u>	<u>Hours Earned</u> <u>Per Pay Period</u>
0 - 7	0.0
8 - 15	0.4
16 - 23	0.8
24 - 31	1.2
32 - 39	1.6
40 - 47	2.0
48 - 55	2.4
56 - 63	2.8
64 - 71	3.2
72 - 79	3.6
80 -	3.7

* "Hours worked" means hours in pay status except that overtime worked and additional payment for holidays worked are not counted in determining sick leave earned.

Section 2. Sick leave with pay shall be granted only for the following reasons:

- (a) Illness or disability of the employee, including pregnancy, childbirth, miscarriage, abortion, and recovery therefrom, and personal appointments with a physician, dentist, or other recognized health practitioner;
- (b) illness or disability, including pregnancy, childbirth, miscarriage, abortion, and recovery therefrom, of a family member, and a family member's personal appointments with a physician, dentist, or other recognized health practitioner, when the illness, disability, or appointment reasonably requires the employee to be absent from work;
- (c) legal quarantine of the employee; or
- (d) the adoption of a child by an employee or initial placement of a foster child in the home of an employee, when the adoption or initial placement reasonably requires the employee to be absent from work.
- (e) For purposes of this regulation, "family member" means the following:
 - (1) Any person related to the employee by blood, marriage, or adoption; and
 - (2) any minor residing in the employee's residence as a result of court proceedings

pursuant to the Kansas code for care of children or the Kansas juvenile offenders code.

(f) If an appointing authority has evidence that an employee cannot perform the employee's duties because of illness or disability, if the employee has accumulated sick leave, and if the employee refuses or fails to apply for sick leave, the appointing authority may require the employee to use sick leave. Upon exhaustion of this employee's sick leave, the appointing authority may require the employee to use any accumulated vacation leave. An appointing authority may request a written release by a licensed health care or mental health care professional ultimately responsible for patients' health care before the employee is allowed to return to work. If the employee has exhausted all sick leave or accumulated vacation leave, the appointing authority may grant the employee leave without pay as provided in K.A.R. 1-9-6.

(g) Each employee who is injured on the job and awarded workers compensation shall be granted use of accumulated leave upon the employee's request. The compensation for accumulated leave used each payroll period shall be that amount which, together with workers compensation, equals the regular pay for the employee. Unless the employee requests otherwise, vacation leave and compensatory time credits shall be used only after sick leave credits have been exhausted. The appointing authority shall not require the use of accumulated compensatory time credits in conjunction with workers compensation.

(h) Each former employee who had unused sick leave at the time of separation, and who returns to state service in a regular position within a year shall have the unused sick leave returned to the employee's credit. This provision shall not apply to a person who has retired from state service.

Section 3. Employees who become ill while at work shall notify their immediate supervisor, after which they may leave work. In any situation where an employee is unable to report or may be delayed in arriving for work at the assigned time and place, the employee must contact the immediate supervisor or other designated person prior to or at the start of the scheduled work shift. Except in the most unusual situations, the employee is expected to make the call personally, provide a projected length of absence, and explain reasons for the absence or lateness. When absence is necessary, the employee must contact the supervisor before each scheduled shift unless the absence is approved in advance by the supervisor. The employee must also obtain supervisory authorization to leave the work site during a scheduled shift. If employees fail to notify their supervisor, they may be charged leave without pay.

Section 4. When the University has good cause to believe an employee is abusing sick leave, said employee may be required to submit a physician's statement substantiating each absence due to illness. The University must provide the employee documentation supporting the University's determination to require an employee to submit a physician's statement if requested.

Section 5. When one of the legal holidays falls during an employee's use of sick leave, such holiday shall not be counted as a day of sick leave.

Section 6. Employees who earn leave but who have depleted all their own leave balances may be granted advanced leave for medical absences to a maximum of 80 hours, pursuant to KSU PPM 4860.

ARTICLE 15

Funeral Leave

An employee in the USS service, excluding an employee on an emergency appointment, shall be granted leave with pay, for three (3) working days, to make arrangements for and to attend the funeral of a member of his/her immediate family. Additional working days, may be granted on a showing that circumstances require travel out of the surrounding area or additional duties/responsibilities related to the family member's death. If a request for an additional three (3) days is denied, such denial shall be for good cause. When the request is made in writing, the denial shall be stated in writing to the employee making the request for the additional days.

Close relatives are defined as spouse, child, mother, father, brother, sister, foster parents, step parents, step children, mother-in-law, father-in-law, brother-in-law, sister-in-law, grandparents, grandparents' in-law and grandchildren, unmarried domestic partner, or any relative or legal guardian residing in the household. One day is allowed in the case of death of an aunt, uncle, niece or nephew of the employee or the employee's spouse.

Funeral leave shall not exceed six (6) working days in any one instance.

ARTICLE 16

Military Leave

Section 1. Any employee in a regular position, who enlists or is drafted into the armed forces of the United States, including reservists and members of the national guard who are activated to military duty, shall be granted military leave without pay upon the employee's notice to the appointing authority of a military order requiring active duty for other than training purposes. Each request for military leave shall be accompanied by a copy of the appropriate military orders. Any military leave shall expire within ninety (90) days after release from such service. Failure to return within the 90-day period shall result in cancellation of the military leave and the employee shall receive no credit for time so served.

Section 2. Any employees making application to the appointing authority within ninety (90) days after receiving a discharge from the military service under honorable conditions, or from hospitalization, shall: (1) be restored to that position or to a similar position with like status and pay in the same geographic location, as determined pursuant to K.A.R. 1-5-11; (2) if qualified to perform the duties of any other position, be offered employment in the same geographic location in a position comparable in status and pay to the former position; or (3) appeal to the secretary of administration for appropriate placement. After reinstatement from authorized military leave, in all actions where employee status is affected by length of service, the time which the person served with the military service shall be considered the same as the time served with the state.

Sick leave, vacation leave, and holidays shall not be earned or accrued during a period of military leave without pay. Reenlistment or continuation of active duty beyond the time prescribed by Title 38, U.S. Code, Chapter 43, shall be considered a voluntary resignation from military leave status.

ARTICLE 17

Jury Duty Leave

This grievance procedure does not apply to employees in the appropriate unit during the first six months of employment. A grievance or dispute shall be defined as a statement of dissatisfaction by a member of the appropriate unit, or by KAPE, or by the University over the interpretation and application of the provisions of this Agreement. Section 2.

Step 1. The employee shall take up the grievance or dispute with the employee's immediate supervisor within five (5) working days of its occurrence. The supervisor shall then attempt to adjust the matter and shall respond to the employee within five (5) working days. The employee may have the appropriate local KAPE representative (steward) present at this step if he or she so desires.

Step 2. (a) A representative chosen by KAPE and a representative of the University shall meet within ten (10) calendar days of the date of the written appeal of the grievance to arbitration for the purpose of selecting an impartial arbitrator. If these parties are unable to agree on an impartial arbitrator within the ten (10) calendar day period, the parties, acting jointly, shall request the Federal Mediation and Conciliation Service for a list of

five (5) persons, each qualified to act as an impartial arbitrator. Upon receipt of the first available list of five (5) persons, the University and KAPE shall determine by lot the order in which they will strike names and thereafter each shall in that order alternately eliminate one name until only one name remains on the list, and that person shall become the impartial arbitrator.

(b) The cost of this impartial arbitrator and the expense of the hearing shall be shared equally by the parties. If both parties request a court reporter, the cost shall be shared equally. If only one party requests a court reporter, this requesting party shall bear the full cost of the court reporter. Multiple unrelated grievances shall not be subject to arbitration at the same time or before the same arbitrator unless the University and KAPE specifically and mutually agree. The arbitrator shall only have jurisdiction and authority to interpret and apply the provisions of this Agreement. The arbitrator shall not have jurisdiction or authority to add to, amend or modify the provisions of this Agreement. The decisions of the arbitrator shall be final and binding upon those matters herein but shall not authorize the adjustment or change of such matters which have the force and effect of law or have been fixed by statute or by the constitution of the State of Kansas, nor shall any decision of the arbitrator require the payment by the University of any monies in excess of funds lawfully appropriated and available for such obligation.

Section 1. All disciplinary actions regarding suspensions, demotions and dismissals shall be administered in accordance with applicable University policies and the employee's sole recourse on suspensions, demotions and dismissals is in accordance with such policies.

Section 2. When suspension, demotion or dismissal is proposed by the Director of Employee Relations, the employee shall receive a written statement of the proposed action and the reason for the proposal. The notice shall specify the date, time and place by, or at which, the employee may reply in writing or appear in person or by phone, or combination thereof. If the employee chooses to appear in person or by phone on the issue of the proposed suspension, demotion or dismissal, the employee has the right to be represented by KAPE or by a person of the employee's choice. Additionally, the union is entitled to one member being seated on the Peer Review Committee or the University Support Staff Appeals Board, if an appellant is a member of the unit.

Section 3. The representation provided in this Article also does not include meetings or discussions between an employee and his or her supervisor for the purpose of instruction, performance feedback or oral warnings or counseling, or for any other purpose unless expressly indicated below.

3.1 The employer will advise the employee when an interview/meeting will result in a written warning and/or a proposal for a suspension, demotion or dismissal, and if requested by the employee, the interview shall be immediately recessed to allow the employee an opportunity to secure a representative of his or her choice, provided that such a recess, in the opinion of the employer, will not endanger the results of the investigation. The employer retains the right to immediately place an employee on leave with pay, pending the completion of an investigation.

3.2 If the representative selected by the employee is not available for participation in the interview within 48 hours, or beyond a period of time which, in the opinion of management will endanger the results of the investigation, the investigative meeting with the employee may proceed without the employee's representative.

3.3 If a steward agrees to serve as a representative of an employee during the investigation, the stewards' participation shall be considered as time worked; but only to the extent of hours permitted in accordance with Article 34 of this Agreement.

3.4 The function of the employee representative during the investigative interview will be to consult with the employee under investigation prior to the interview. The representative and the employee under investigation may briefly consult prior to responding to a question, but the employee under investigation shall give the response. The representative shall not attempt to cross examine the interviewer or otherwise interfere with the interview process. The employer shall warn the representative once and may then ask the representative to remove him or herself if further disruption or undue delay occurs. The employee may ask for a short break at any time during the investigative interview.

ARTICLE 47

Shared Leave

Section 1. Shared leave is an optional medical leave program that may be granted for eligible unit employees, who are experiencing a physical or mental health condition that is serious, extreme, or life threatening and who have exhausted their leave balances. In some circumstances, leave may be requested and may be granted to care for a family member experiencing a serious, extreme, or life-threatening health condition if that diagnosis and the inability to perform daily living activities unassisted is substantiated by a medical professional. For purposes of this program only, "family member" means a person related to the employee by blood, marriage or adoption; and a minor residing in the employee's residence as a result of court proceedings.

The standard for determining conditions that are serious, extreme, or life threatening is stringent. Qualifying medical conditions do not include routine and planned surgeries, routine pregnancy and delivery, anxiety and depression (unless hospitalization is required in treatment), broken bones, or chronic diseases or conditions.

Additional criteria include the exhaustion of all accrued leave, an application and review process by a committee, satisfactory work performance and attendance. If approved, shared leave covers only the duration of the medical condition for which it was granted, up to a maximum of six months. Shared leave can be awarded retroactively up to two pay periods if circumstances are warranted.

Shared leave forms are available on the HCS website.

Section 2. Any leave-earning unit employee with at least six months of continuous service may submit an application for shared leave for conditions defined in Section 1 of this article.

An employee with a current or pending workers' compensation claim is not eligible for shared leave for the same medical condition. An employee approved for long-term disability is

no longer eligible for shared leave. Shared leave may be denied if the approving authority determines that the requesting employee has a documented history of leave abuse or unsatisfactory work attendance.

Once an application is approved, the awarding of leave is dependent upon availability of leave donated by other employees.

Shared leave covers only the duration of the medical condition, up to a maximum of six months, for which the leave was approved and cannot be awarded twice for the same condition. Shared leave cannot be used intermittently or on a reduced work schedule except during the thirty days following an employee's return to work after an approved shared leave absence, and then only for follow-up care that is directly related to the initial condition.

Section 3. An employee requesting shared leave must submit a signed Shared Leave Request form through the employee's department to Human Capital Services. The request must include complete medical information from a health care provider.

A Shared Leave Review Committee, made up of at least two university support staff representing university support staff requests, will consider the completed application and submit a recommendation to the Vice President for Human Capital Services or his or her designee.

Applicants will be notified of approval or denial by email or letter. If the shared leave is denied, the notification will include the reason for such denial and contact information for questions.

Section 4. Shared leave is paid at the recipient's rate of pay by the recipient's department. An employee receiving shared leave is considered to be in pay status and will continue to receive benefits equal to those received prior to the start of shared leave.

Any vacation and sick leave accrued during each pay period must be exhausted before shared leave hours are used.

Once an employee has returned to work for at least 20 days, the shared leave awarded but not yet used will be deleted and therefore, unavailable to the recipient except as described in Section 1 above.

Section 5. Shared leave donations can be made only to an employee who is already approved for shared leave. Donations can be made to a specific individual or to any employee who is approved for shared leave. Donations are made on a Shared Leave Donation form and submitted to Human Capital Services. All donations are anonymous.

These conditions apply to all shared leave donations:

Unit members may donate sick leave and/or vacation leave. The donor's vacation leave balance must be 80 hours or more after a donation of vacation leave; the donor's sick leave balance must be 480 hours or more after a donation of sick leave. These balances are not required when the donor is terminating employment with the University.

Shared leave awarded but not used by a recipient will be returned to the donor(s) on a pro-rated basis if the donor(s) is still employed in an eligible position at the University.

ARTICLE 48

Handling Impasse

Section 1. If, in the course of meet and confer meetings, either the University or KAPE conclude that an impasse has been reached on a remaining issue or issues; either party may request mediation of the impasse by furnishing the other party with a statement of its present position(s) in writing together with a notice of intent to request mediation. Within five (5) days of the receipt of notice, the other party may submit, in the interest of compromise, a counter proposal. Failure to submit a counter proposal within five (5) days will constitute joint agreement to proceed with mediation. If, after discussion between the parties of a counter proposal, either party concludes that the impasse still exists, it may notify the other party in writing and jointly the parties shall request mediation.

Section 2. The parties will immediately contact the Public Employee Relations Board asking for commencement of impasse declaration/resolution proceedings in accordance with the provisions of K.S.A. 75-4332 (b).

Section 3. If mediation efforts have not resulted in agreement on the issue or issues, either party may request fact-finding by furnishing the other party with a statement of its present position(s) on the remaining issue or issues in writing with a notice of intent to request fact-finding. Within seven (7) days of receipt of the notice, the other party may submit, in the interest of compromise, a counter proposal. Failure to submit a counter proposal will constitute joint agreement to proceed with fact-finding. If, after discussion between the parties of a counter proposal, either party concludes that the impasse still exists, it may notify the other party in writing and jointly the parties shall request that the Public Employees Relations Board advance the impasse to the fact-finding stage of the process in accordance with the provisions of K.S.A. 75-4332(c).

Section 4. The expense of mediation efforts and fact-finding services shall be handled in accordance with K.S.A. 75-4332(e).

This Memorandum of Agreement shall become effective on the first day of the payroll period following approval of the Board of Regents and the Secretary of Administration except for those provisions which state herein, or otherwise by law require the approval of the Governor and/or the Legislature. This agreement shall remain in effect for a period of three years from the effective date, except that, in March of each year, either party may notify the other in writing of its desire to meet and confer on wages only.

The entire Agreement shall be automatically renewed from year-to-year thereafter unless either party shall notify the other in writing not less than ninety (90) days nor more than one hundred fifty (150) days prior to the third anniversary date of the agreement, or any anniversary date thereafter that it desires to change or terminate this Agreement, as the case may be. If notice to modify is given, it shall contain a specific statement of articles to be modified, and meet and confer meetings shall begin no later than (60) days prior to the anniversary date.

Also, it is agreed by and between the University and KAPE, that subsequent to ratification of this Agreement by the unit members, this Memorandum of Agreement shall be submitted to the Board of Regents and the Secretary of Administration for approval or rejection, and if approved shall be implemented, except as provided below. Any provision requiring approval of the Governor, if approved, will become effective at such time or times as specified by the Governor. Any part or parts of memorandum of agreement which requires passage of legislation for the implementation thereof shall be submitted to the legislature at its next regular session, and if approved by the legislature shall become effective on the date specified by the legislature.
